BEYERS ORIGINAL MIXTURES

OUR HIGH STANDARDS

BEYERS' ORIGINAL mixtures are focussed on **good quality grains** at a **competitive price**. The seasonal mixtures (breeding, racing, moulting, youngsters) are compiled using **French Cribbs maize, Plata maize and Merano maize**. These mixtures are tailored to the pigeons' needs in the relevant periods: breeding, racing, moulting, rest/winter and a trapping mix, which should form part of every pigeon's diet, complete this range. The **ORIGINAL** system mixtures like depurative or hi-digest energy mixtures (specifically easily digestible mixtures) or energy rich mixtures, have been compiled as feed that in combination with other mixtures can be tailored to the pigeon's specific needs during the racing season.
