

BEYERS CONDITION & CARE

SUPPORT

SUPPLEMENTS SUPPORT

Products that serve to support pigeons in their daily needs and ensure a build-up in the condition.

ROYAL JELLY – 400ML

CONDITION PREPARATION WITH PROPOLIS AND GENSING

- The honey will provide your pigeons with natural sugars and effectively works against slime after exertion.
- The royal jelly will give your pigeons both energy and power.
- The panax ginseng fends off fatigue and eliminates the birds' stress levels.
- The propolis acts like a natural repellent. This also makes Royal Jelly ultimately suitable for the period leading up to basketing.

INSTRUCTIONS

- 20 ml / 2 l of drinking water or 1 kg feed.
- During racing season: 1 or 2 x per week (upon arrival back home and period up to basketing).
