THE POWER OF ENZYMES

BEYERS offers a unique range of mixtures, to which enzymes have been added, with the **ENZYMIX** mixtures. These enzymes are 100% natural and completely tasteless and odourless. The enzymes are not activated until after the feed has been ingested as a result of circumstances in the gullet and ensure the grains' cell walls are broken down more quickly. This allows the pigeons to absorb the nutrients more quickly and more efficiently.

The result of this is threefold: the pigeon gets considerably more energy from the feed, the digestibility from protein and crude fibre is considerably higher than results in traditional mixtures and better digestion results into noticeably drier and less droppings.

BEYERS ENZYMIX 7/48 MS RECUP - 20 KG

- Low-protein and easy-to-digest mixture for the racing season
- This is an ideal composition for the promotion of the recovery of the pigeon after a flight
- Contains peeled barley and oats for optimal absorption by reducing the content of fibres

Ingredients: peeled barley, small Cribbs maize, paddy rice, white wheat, white sorghum, pigeon rice, peeled oats, safflower, extra red sorghum, canary seed, yellow millet, kadjang idjoe.
