THE POWER OF ENZYMES

BEYERS ENZYMIX MODERN SYSTEM MIXTURES

THE POWER OF ENZYMES

BEYERS offers a **unique range of mixtures**, to which **enzymes** have been added, with the ENZYMIX mixtures. These enzymes are **100% natural and completely tasteless and odourless**. The enzymes are not activated until after the feed has been ingested as a result of circumstances in the gullet and ensure the grains' cell walls are broken down more quickly. This allows the pigeons to absorb the nutrients more quickly and more efficiently. The result of this is threefold: the pigeon gets considerably **more energy from the feed**, the **digestibility** from protein and crude fibre is considerably **higher** than results in traditional mixtures and better digestion results into noticeably **drier and less droppings**.

The MODERN SYSTEM is based on three principles: top quality grains, the addition of liquid enzymes and easy to use. All this makes the MODERN SYSTEM an ideal system for the modern pigeon sport, where the burden on the pigeons is continually becoming more intensive, the pigeons are played further and frequently with shorter rest periods. The names of the ENZYMIX MODERN SYSTEM mixtures tell you how to use them: consecutively **breeding, recuperation, build-up, energy, super depurative, sport diet, condition seed and moulting methionine**.

BEYERS ENZYMIX 7/43 MS BUILDING UP EXTRA – 20KG

- A mixture made for the racing season.
- Ideal balance between proteins and carbohydrates in preparation towards a flight.

Ingredients: Small cribs maize – dari – white wheat – safflower – maple peas – small green peas – small yellow peas – popcorn maize – extra red sorghum – paddy rice – toasted soy – barley – vetches – dun peas – mung beans – pigeon rice – buckwheat

Carbohydrates	56,41%
Crude protein	14,87%
Crude fat	5,69%
Crude fibre	6,73%
Crude ash	2,23%
